SRINIVAS KALYAN K

Nominee For Mess Secretary

Indian Institute of Technology Hyderabad

About Me

- B.Tech 2nd year in Mechanical & Aerospace Engineering

- Member of Mess council, 2019-20

- Coordinator of Torque club of IIT Hyderabad, 2019-20

- Finance Head at Sunshine club of IIT Hyderabad, 2019-20

- Speaker Curator at EML club of IIT Hyderabad, 2019-20

- Part of Inter IIT Tech Meet 8.0 contingent, 2019

- Asst. Manager at E-Cell of IIT Hyderabad, 2018-19

Duties

- Regular Quality assessment of mess food.

- Ensure to maintain proper sanity and hygiene in the Mess premises.

- Shall head the Mess monitoring committee and ensure its effective working.

- Shall collect the feedback from student community and act upon it.

- Shall take prompt actions on complaints raised regarding quality, quantity and hygiene.

- Prepare the mess menu based on student poll.

- Shall be in direct contact with hostel wardens and mess managers for smooth functioning of the mess.

Quality, Hygiene

- Pest control activities will be done periodically in the mess premises.

- Soaps and other sanitary requirements will be made available at mess counters.

- Cleaning of mess infrastructures will be done multiple times a day.

- Washrooms and wash basins will be cleaned regularly.

- Quality of the vegetables, edible oils, meat, eggs, dal, rice and other groceries are checked periodically.

- Will ensure only standard (manufactured) food products are used as per tender document.

- Will ensure oil is used as per FSSAI norms.

- Quality of milk will be monitored.

Restructuring Mess Council

- Mess monitoring committee will be re-structured and a single point of contact are made with Mess Secretary as its head.

- New set of roles and responsibilities will be made for the same.

- Members of Council are selected based on interviews.

- Council meetings are organized once in fortnight.

- Members of the council will monitor the quality and quantity of the food on daily basis and report to head of the council.

Choose your Menu

- Menu will be made considering the students opinion.

- A Google form is shared with student community to choose their own mess menu.

- Final menu is selected based on student poll.

- This form will be floated once a month.

Feedback and Transparency

- Feedback is taken from student community in both online and offline means.

- A Google form is floated in the student community to take feedback and complaint/suggestion will be taken into account.

- A feedback box is maintained at mess counters for the same.

- When someone is not satisfied by the reports of mess council, they will be given a chance to inspect mess along with the members of mess council.

- Mess council is always open to new suggestions.

New Initiatives

- Ensure no wastage of food in the mess.

- Ensure personal hygiene of chef and mess workers and abide to guidelines of IIT Hyderabad.

- Will try to bring more payment options at mess counters.

My initiatives cannot be attained without your assistance and support..!

PLEASE DO VOTE ME

THANK YOU
